### **SKY PerfectTV! Tokyo Media Center's electricity power converted to substantial renewable energy**

**~Towards realization of decarbonized society~**

SKY Perfect JSAT Holdings Inc. (Head Office: Minato-ku, Tokyo; Representative Director, President: Eiichi Yonekura, hereinafter "SKY Perfect JSAT") announced today that SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; Representative Director, President & Chief Executive Officer: Eiichi Yonekura), a wholly owned subsidiary of SKY Perfect JSAT, converted all of "SKY PerfectTV! Tokyo Media Center (TMC)" electric powers to substantial renewable energy on November 22, 2022 by revising its electricity purchase agreement. TMC is the fourth site to switch to substantial renewable energy following "Yokohama Satellite Control Center", "Space Port East" and Head Office.

SKY Perfect JSAT Group's ratio of renewable energy consumption over the total energy consumption became approximately 93%\*1 including the conversion at TMC.

SKY PerfectTV! Tokyo Media Center (TMC)

SKY Perfect JSAT Corporation owns television program production facilities at TMC, such as studios and myriad equipment which collects, broadcasts and delivers contents for a Multi-channel pay-TV broadcasting "SKY PerfectTV!/" and On-demand video streaming service "SPOOX". These facilities are operated under a manned monitoring system 24 hours a day, 365 days a year. Utilizing these assets and technologies, we are developing "Media Solutions Business" for corporate customers

to meet the needs of program production, broadcast, transmission and distribution of video content. These initiatives will contribute to going green for our customers besides reducing our CO2 emissions.

Our group will continue to work to accelerate our efforts towards realization of decarbonized society by converting electric powers for the remaining facilities to renewable energy and achieve renewable energy consumption ratio of 100% by the year 2030.

Based on SKY Perfect JSAT's group mission "Space for your Smile" that we have created in 2018, our group will continue to aim for sustainable growth by providing peace of mind, comfort, and enjoyment to people's lives through our business.

\*1 SKY Perfect JSAT Group's substantial renewable energy consumption ratio is calculated based on the 2021 fiscal year's power usage.
