SKY Perfect JSAT Corporation

Further Expansion of SKY PerfecTV! HD Channel Lineup Service Set to Offer Over 85 Channels by December 31, 2010

SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; President and CEO: Masanori Akiyama; "SKY Perfect JSAT") has decided to commence high-definition broadcasting of 15 new channels by the end of December 2010 as part of the SKY PerfecTV! HD multi-channel high-definition service.

The SKY PerfecTV! HD service, already scheduled to be broadcasting over 70 channels in high definition by spring 2010, will expand its lineup to more than 85 channels by the end of 2010 (see attachment for details).

SKY Perfect JSAT aims to have a lineup of 100 high-definition channels by 2012, one of the largest in Japan. Going forward, the Company will continue to provide quality high-definition content from Japan and other countries in a wealth of genres and offer subscribers the ultimate television-viewing experience.

※ Currently, 58 high-definition channels are being broadcast. The number will increase to more than 70 by spring 2010 (as of November 2009).
