SKY Perfect JSAT Corporation

JCSAT-14 Launch Schedule Update

SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; Representative Director, President & Chief Executive Officer: Shinji Takada; “SKY Perfect JSAT”) announces the launch schedule for its JCSAT-14 communications satellite.

JCSAT-14 is a communications satellite with Ku and C-bands, and will replace JCSAT-2A at the 154 degrees East longitude. The satellite will provide Ku-band coverage over Japan and the Asia-Pacific region, and extends coverage beyond Asia and Oceania into Russia as well as Pacific Island nations in C-band.

SKY Perfect JSAT continues to provide high-quality satellite communications services in Japan and further expand its global business in the Asia-Pacific region.
