- *1 Total Subscribers: The total numbers of provisional subscribers before executing pay- subscription agreement (provisional subscribers for SKY PerfecTV! only), institutional subscribers including retailers exhibition and registrations for technical development in addition to individual subscribers.
- *2 Individual Subscribers: Subscribers who agreed with pay-subscription agreement and have been actually paying subscription fee.
- *3 Monthly Churn Rate: The churn rate is the figure obtained by converting the monthly number of churns into yearly basis.

$$\text{Monthly Churn Rate} = \text{Churns during the current month} / \text{Total subscribers at the end of the previous month} \times 12 \text{ months}$$
- *4 The multichannel broadcasting service in Fukuyama-shi, Hiroshima, jointly operated with Energia Communications, Inc. and the channel lease service in Achi-mura, Nagano, and Ena-shi, Gifu, that uses available fiber-optic network bandwidth will remain under the name of "HIKARI PerfecTV!"
- *5 Other Wired Broadcasting Services: Other Wired Broadcasting Services refer to the number of multichannel broadcasting contract using SKY Perfect's digital broadcasting system, including cable television, excluding SKY PerfecTV! HIKARI.

The breakdown of properties that have approved SKY PerfecTV! HIKARI and properties receiving the service as of the end of March2008.

SKY PerfecTV! HIKARI	Properties that have approved service provision* ⁶	Properties currently receiving service* ⁷
Number of properties	780	2,082
Number of households* ⁸	86,473	194,856

- *6 Properties that have approved service provision: Those properties that, as of the end of each month, have concluded a broadcasting service (retransmission or multichannel broadcasting service) provision agreement. This figure also includes some properties for which service provision will commence in the following month or later, depending on when construction will be completed.
- *7 Properties currently receiving service: Those properties to which, as of the end of each month, broadcasting services (retransmission or multichannel broadcasting service) are being provided and which are being charged for such.
- *8 The number of households also includes as-yet-unoccupied households in new condominiums.
