Expansion of Service Area for SKY PerfecTV! HIKARI to the Hokkaido Area and Start of Subscription Application Acceptance for FLET'S TEREBI and Other Services

OptiCast Inc. (Head Office: Minato-ku, Tokyo; President and CEO: Masafumi Kawanishi; "OptiCast"), a subsidiary of SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; President & CEO: Masanori Akiyama; "SKY Perfect JSAT"), plans to expand the service area for SKY PerfecTV! HIKARI to certain regions of Hokkaido centered on the Sapporo area.

In line with these plans, Nippon Telegraph and Telephone East Corporation (Head Office: Shinjuku-ku, Tokyo; President: Tsutomu Ebe; "NTT EAST") will expand its service area for FLET'S TEREBI Transmission Service, a video transmission service that transmits broadcasts provided by broadcast companies using FLET'S HIKARI NEXT service, to certain regions of Hokkaido centered on the Sapporo area.

As a result of this expansion, subscribers in the Hokkaido area, through a combination of the FLET'S HIKARI NEXT and FLET'S TEREBI Transmission Service provided by NTT EAST, and the broadcast service provided by OptiCast, will from October 2009 be able to use FLET'S TEREBI, allowing them to receive terrestrial and satellite digital broadcasts.

As an optional service for FLET'S TEREBI, subscribers will also be able to enjoy SKY Perfect JSAT's SKY PerfecTV! e2 and OptiCast's SKY PerfecTV! HIKARI CS Digital Service, allowing them to view a wide variety of specialty channels.
