*1 Number of subscribers who concluded a pay-subscription agreement and have been actually paying subscription fees.

*2 Number of individuals who concluded a new pay-subscription agreement within one year of cancellation and have been actually paying subscription fees.

*3 The following formula is used to calculate the monthly churn rate.

Monthly Churn Rate = Churns during the current month / Total subscribers at the end of the previous month

*4 East longitude 110 degree satellite broadcasts. It includes the cumulative total (112,152) for the re-transmission service based on the optical fibers provided by OptiCast Inc.

*5 It includes the standard definition (SD) services.

*6 Broadcasts using H.264/MPEG4 AVC compression.

The number of subscribers using Premium Service tuners supporting high-definition broadcasts. This month, 22,367 customers made the transition from the standard definition service. This figure is incorporated in the net increase and the cumulative total.

*7 The standard definition (SD) services ended at the end of this month.

* Number of households connected to Premium Service HIKARI is 1,526,090. (as of the end of September 2013)

The number means the number of households to which we provide the broadcasting service (retransmission or multichannel broadcasting service) to be billed at the end of the month. This number does not include the multichannel broadcasting services provided by utilizing the available bandwidth in the optical fiber network possessed by Cable City Yokohama.
