### **SKY Perfect JSAT orders High Throughput Satellite to strengthen its capability over Asia Pacific**

SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; Representative Director, President & Chief Executive Officer: Shinji Takada; SJC) announces the procurement of JCSAT-18, a high throughput satellite (HTS) to meet increasing demands in the mobility and broadband market.

Built by Boeing, JCSAT-18 will carry a Ku and Ka-band HTS mission over Asia Pacific including Far East Russia as well as a traditional wide-beam mission over East Asia, in response to not only mobility and broadband demands but also government and cellular backhaul demands. The satellite is a condominium satellite shared with Kacific Broadband Satellites Pte. Ltd (Kacific), a Singapore-based satellite operator, that will operate Ka-band HTS satellite broadband services under the satellite name Kacific-1.

“This satellite will be a significant addition to Horizons 3e, another HTS satellite under construction.” Shinji Takada, President & CEO of SJC stated. “With this JCSAT-18, we are excited to continue serving our valued customers in various sectors by thriving in the region where market dynamics are changing rapidly.”

#### JCSAT-18 Highlights

Satellite Bus	Boeing 702
Satellite Specification	Frequency bands: Ku and Ka Coverage: Asia Pacific Planned Launch: Second half of 2019 Service life: 15 years or more

#### **About SJC**

SKY Perfect JSAT Corporation is a leader in the converging fields of broadcasting and communications. It is Asia’s largest satellite operator with a fleet of 18 satellites, and Japan’s only provider of both multi-channel pay TV broadcasting and satellite communications services. SKY Perfect JSAT delivers a broad range of entertainment through the SKY PerfectTV! platform, the most extensive in Japan with a total of 3 million subscribers. In addition, SKY Perfect JSAT’s satellite communications services, which cover Japan and the rest of Asia, as well as Oceania, Russia, Middle East, Hawaii and North America, play a vital role in supporting safety, security and convenience for society as a whole.
